PUBLISHER'S FOREWORD

Statutes

The 2012 Supplement to the Mississippi Code of 1972 Annotated reflects the statute law of Mississippi as amended by the Mississippi Legislature through the end of the 2012 Regular Session.

Annotations

Case annotations are included based on decisions of the State and federal courts in cases arising in Mississippi. Annotations to collateral research references are also included.

To better serve our customers by making our annotations more current, LexisNexis has changed the sources that are read to create annotations for this publication. Rather than waiting for cases to appear in printed reporters, we now read court decisions as they are released by the courts. A consequence of this more current reading of cases, as they are posted online on LexisNexis, is that the most recent cases annotated may not yet have print reporter citations. These will be provided, as they become available, through later publications.

This publication contains annotations taken from decisions of the Mississippi Supreme Court and the Court of Appeals and decisions of the appropriate federal courts. These cases will be printed in the following reporters:

- Southern Reporter, 3rd Series
- United States Supreme Court Reports
- Supreme Court Reporter
- United States Supreme Court Reports, Lawyers' Edition, 2nd Series
- Federal Reporter, 3rd Series
- Federal Supplement, 2nd Series
- Federal Rules Decisions
- Bankruptcy Reporter

Additionally, annotations have been taken from the following sources:

- American Law Reports, 6th Series
- American Law Reports, Federal Series
- Mississippi College Law Review
- Mississippi Law Journal

Finally, published opinions of the Attorney General and opinions of the Ethics Commission have been examined for annotations.

Amendment notes detail how the new legislation affects existing sections.

§ 55-3-33. General powers and duties of department.

(1) The Mississippi Department of Wildlife, Fisheries and Parks shall have the power and authority, and it shall be its duty to:

(a) Take charge and have full jurisdiction and control over all state parks, which parks shall be operated for the purpose of providing outdoor recreational activities and enjoyment for the citizens of the State of Mississippi and for the purpose of attracting visitors to the state.

(b) Set up a uniform accounting procedure for the state parks and prescribe the manner in which books, records and accounts shall be kept, which procedure shall account for all monies taken in and expended by the various parks and shall provide for periodic audits of such books.

(c) Accept gifts, bequests of money or other property, real or personal, to be used for the purpose of advancing the recreation and conservation

interests in state parks. The department is authorized, subject to approval by the State Legislature, to purchase property, real or personal, to be used for state park purposes.

(d) Contract with the State Transportation Commission, any municipality or board of supervisors of the state for locating, constructing and maintaining roads and other improvements in state parks and for payment of a part of the costs thereof; however, no county or municipality more than twenty-five (25) miles distant from a state park may contract for, or do, or pay for any such work for a state park other than the International Gardens of Mississippi. Any county or municipality authorized to assist financially under the provisions of Sections 55-3-31 through 55-3-51 is authorized, in the discretion of its respective governing authority, to set aside, appropriate and expend monies from the General Fund for the purpose of defraying such expense after a mandatory election is held on the question within the county or municipality.

(e) Designate employees as peace officers with power to make arrests for infraction of the rules and regulations of the department. Such officers are authorized to carry weapons and to enforce the laws of the State of Mississippi within the confines of a state park.

(f) Enforce and delegate the responsibility to enforce all reasonable rules and regulations governing the occupancy and use of lands and waters in state parks under its jurisdiction, supply recreational and conservation facilities and charge fees for the use of same; review all rates and charges for facilities and accommodations furnished at the various state parks annually, making such charges as are justified; and establish fees for entrance to state parks.

(g) To periodically establish a discounted fee or fees for the entry and use of selected state parks and recreational facilities. The discounted fee or fees shall only be used for the purpose or purposes of marketing and promotion to increase the patronage and revenue of those selected parks and facilities. The discounted fee or fees shall not be considered a donation of state property.

Each park shall retain from revenues generated therein, a sum sufficient to pay necessary expenses of operation, but in no event to be less than seventy-five percent (75%) of such revenues.

(2) The department shall have the authority to lease to any entity, sell and convey or otherwise transfer to any county or municipality, or close any state park or historical site within its jurisdiction which received a General Fund subsidy in Fiscal Year 1985 in excess of Two Dollars (\$2.00) per visitor to such state park or historical site; provided, however, that this authority shall not include the authority to sell, lease or convey any park that was not in operation under the jurisdiction of the department for a full fiscal year prior to fiscal year 1986.

(3) The department may execute agreements with rails-to-trails and recreational districts by which the department will assume responsibility for the operation and maintenance of trails developed under Sections 55-25-1 through 55-25-15.

§ 55-3-48. Pilot program to lease lands within certain state parks for commercial development; State Park Lease Development Endowment Fund created; State Parks Pilot Program Advisory Council created; composition.

(1) For the purposes of this section, the following terms shall have the meanings ascribed in this section unless the context clearly requires otherwise:

(a) "Commission" means the Mississippi Commission on Wildlife, Fisheries and Parks.

(b) "Department" means the Mississippi Department of Wildlife, Fisheries and Parks.

(2) The Mississippi Department of Wildlife, Fisheries and Parks, with the approval of the Commission on Wildlife, Fisheries and Parks, may conduct a pilot program to lease to any person, private entity or governmental entity for commercial development on United States Corp of Engineer's lands within the following state parks: George P. Cossar, Hugh White and John W. Kyle. The commission shall establish criteria for identifying such land or property.

(3)(a) Before approving any land or property located within any of the three (3) state parks for commercial lease and development, the commission must make an affirmative finding and enter upon its official minutes a statement that the development of the land will not be incompatible with the outdoor recreational purposes and opportunities existing at the park or inaccessible to the general public.

(b) The lease may be for a term and upon conditions as the commission may deem to be in the best interest of the state.

(4) If any lease executed under the provisions of this section results in a person being terminated or removed from employment with the department, then the department shall give preference to hiring that person when filling vacant or new employment positions elsewhere within the department.

(5) A developer or lessee may sublease such portions of his lease as may be necessary for the development of a project. A sublease shall be an assignable contract and shall be for commercial purposes, as approved by the commission; however, a sublease may not be for a term in excess of the remaining term of the developer's lease. Each sublease from the developer shall contain an option for the sublessee to renew or renegotiate the lease directly with the department, at any time following ten (10) years after the beginning date of any sublease from the developer.

(6) Rental payments due under any lease executed under this section shall be paid to the department and shall be deposited into the State Park Lease Development Endowment Fund created in this section.

(7) Any construction occurring on land or property leased under this section must fully comply with all applicable state laws, rules and regulations, and any local building codes and zoning ordinances. Development plans and construction must have the prior approval of the commission.

(8) The department, with approval of the commission, may enter into contracts or agreements with agencies of the United States government, municipalities, corporations, districts, public agencies, political subdivisions of any kind, and others for any services, facilities, utilities or commodities that any development project under the provisions of this section may require. The contract or agreement may be assigned to the developer or lessee, may be upon any terms that conform to the provisions of this section, may be for any time as the parties may agree, and may provide that the contract or agreement shall continue in effect until assigned to, or renegotiated by, a sublessee of the developer or lessee.

(9) There is created in the State Treasury a special fund to be known as the "State Park Lease Development Endowment Fund." The fund shall consist of all monies required to be deposited therein under the provisions of this section. The principal of the fund shall remain inviolate and shall be invested as provided by law. Interest and income derived from investment of the principal of the fund may be expended by the Mississippi Department of Wildlife, Fisheries and Parks, upon appropriation by the Legislature, only for the purpose of constructing, reconstructing, repairing, renovating or making improvements to real and personal property and facilities located within the state parks. Unexpended amounts remaining in the fund at the end of a fiscal year shall not lapse into the State General Fund, and any interest earned on amounts in the fund shall be deposited to the credit of the fund.

(10)(a) There is created a State Parks Pilot Program Advisory Council to the Commission on Wildlife, Fisheries and Parks to advise and assist the commission on the selection of any developers, development plans and approval of leases for development of the three (3) state parks under the provisions of this section with any person, private or governmental entity. Members of the advisory council shall have no veto authority, and shall serve only as ex officio members of the commission.

(b) The advisory council shall consist of three (3) members, one (1) member each to be selected and appointed by the Boards of Supervisors for Grenada, Panola and Yalobusha Counties, representative of each county in which a pilot-program park is located. The terms of the members of the advisory council shall run concurrently with the term of the appointing board of supervisors. In making its appointment to the advisory council, the boards of supervisors shall be limited to appointing an individual who is a member of the following organizations:

ATTORNEY GENERAL OPINIONS

The current corporate lessee of county-owned property first leased in 1963 under the old A. & I. statutes with exemption from ad valorem taxes for an unspecified period is entitled to an exemption for 10 years from the date the county approved assignment of the lease to that company. When the 10 years has already expired

and the county erroneously omitted that leasehold from the tax assessment rolls for several years, the county may not assess back taxes. Approval by the county of sub-leases of the property is not an unlawful donation to a private party. Munn, March 9, 2007, A.G. Op. #07-00067, 2007 Miss. AG LEXIS 101.

(b)(i) Except as otherwise provided in this paragraph (b), the rate of interest on loans made from the Local Governments Capital Improvements Revolving Loan Fund for capital improvements that would qualify for the issuance of bonds whose interest is exempt from income taxation under the provisions of the Internal Revenue Code shall be at the rate of three percent (3%) per annum, calculated according to the actuarial method. The rate of interest on loans for all other capital improvements shall be at the true interest cost on the most recent issue of twenty-year state general obligation bonds occurring prior to the date such loan is made.

An incorporated municipality that receives a loan from the revolving fund shall pledge for repayment of the loan any part of the sales tax revenue distribution to which it may be entitled under Section 27-65-75. Each loan agreement shall provide for (i) monthly payments, (ii) semiannual payments, or (iii) other periodic payments, the annual total of which shall not exceed the annual total for any other year of the loan by more than fifteen percent (15%). The loan agreement shall provide for the repayment of all funds received within not more than twenty (20) years from the date of project completion.

(5) The State Auditor, upon request of the Mississippi Development Authority, shall audit the receipts and expenditures of a county or an incorporated municipality whose loan payments appear to be in arrears, and if he finds that the county or municipality is in arrears in such payments, he shall immediately notify the Executive Director of the Department of Finance and Administration who shall withhold all future payments to the county of homestead exemption reimbursements under Section 27-33-77 and all sums allocated to the county or the municipality under Section 27-65-75 until such time as the county or the municipality is again current in its loan payments as certified by the Mississippi Development Authority.

Exemption from taxation of bonds, etc.; time limit for ad valorem tax exemption.

§ 57-3-1. Statement of legislative policy.

ATTORNEY GENERAL OPINIONS

The current corporate lessee of county-owned property first leased in 1963 under the old A. & I. statutes with exemption from ad valorem taxes for an unspecified period is entitled to an exemption for 10 years from the date the county approved assignment of the lease to that company. When the 10 years has already expired

and the county erroneously omitted that leasehold from the tax assessment rolls for several years, the county may not assess back taxes. Approval by the county of sub-leases of the property is not an unlawful donation to a private party. Munn, March 9, 2007, A.G. Op. #07-00067, 2007 Miss. AG LEXIS 101.

§ 57-3-33. Exemption from taxation of bonds, etc.; time limit for ad valorem tax exemption.

The bonds authorized by this chapter, the income therefrom, all mortgages or deeds of trust executed as security therefor, all lease or purchase agreements made pursuant to the provisions hereof, and all purchases required to establish the enterprise and financed by bond proceeds shall be exempt from all taxation in the State of Mississippi except the contractors' tax imposed by Section 27-65-21 and the tax levied by Section 27-65-24(1)(b) and all projects and the revenue derived from any lease thereof shall be exempt from all taxation in the State of Mississippi, except the tax levied by Sections 27-65-21 and 27-65-24(1)(b). From and after July 1, 1989, there shall be no new exemption under this section or under Chapter 10, Title 57, Mississippi Code of 1972, from ad valorem taxes levied for school district purposes. The time of any ad valorem tax exemption provided for hereunder shall not exceed a total of ten (10) years, which shall run from the date of completion of the project. In no event shall the term of the ad valorem tax exemption provided for hereunder be limited, terminated or otherwise affected by payment in full of the bonds issued under this chapter or by the change from a leasehold to a fee title in the enterprise financed with bonds issued under this chapter.

(d) A planning and development district or qualified entity participating in the program may utilize an amount equal to not more than fifty percent (50%) of interest earned on assistance provided to small businesses in accordance with this article or three percent (3%) of the current annual loans disbursed, whichever is the lesser amount, for administration and management of the program, unless specifically authorized to utilize more by MDA; however, any interest earned on grant funds held by a planning and development district or qualified entity prior to the utilization of such grant funds to provide assistance to small businesses shall be placed in the revolving assistance fund of the planning and development district or qualified entity and shall not be expended for administration or management costs. Planning and development districts and qualified entities may retain an amount equal to fifty percent (50%) of the interest earned on repayment funds that are being held on deposit in anticipation of relending, or three percent (3%) of the current annual loans disbursed, whichever is the lesser amount, to aid in the administration and management of the program. Each planning and development district and qualified entity shall file annually with the Secretary of the Senate and the Clerk of the House of Representatives not later than the first day of each regular legislative session a report which details any interest retained or utilized by the planning and development district or qualified entity pursuant to this paragraph (d).

(e) If a planning and development district or qualified entity participating in the program experiences losses from assistance provided pursuant to the program in excess of sixty percent (60%) of the amount of grant funds received by the planning and development district or qualified entity, the planning and development district or qualified entity shall repay the State of Mississippi the amount of such losses in excess of sixty percent (60%) by delivering that amount to the State Treasury for deposit in the General Fund.

(f) MDA shall assist each planning and development district or qualified entity participating in the program in connection with such planning and development district's or qualified entity's compliance with this article.

(g) Each planning and development district or qualified entity participating in the program shall submit the following reports to the MDA:

(i) An annual audit of grant funds received in connection with the program; and

(ii) A semiannual report on July 30 and January 30 of each year, describing all assistance provided to small businesses pursuant to the program, such reports to include without limitation the following: a description of each small business receiving assistance; the project to be assisted and purpose of assistance; a description of each loan and equity

investment, including the terms and conditions thereof and use of the assistance funds by the small business; history of the assistance pool, including principal amount loaned, interest earned, interest expended for administration and management, principal amount of equity investments, assistance funds available, and losses; and a statement of jobs created or retained as a result of the assistance program.

(h) If MDA determines that a district or entity has provided assistance to small businesses in a manner inconsistent with the provisions of this article, then the amount of such assistance so provided shall be withheld by MDA from any additional grant funds to which the district or entity becomes entitled under this article. If MDA determines, after notifying such district or entity twice in writing and providing such district or entity a reasonable opportunity to comply, that a planning and development district or qualified entity has consistently failed to comply with this article in connection with the program, MDA may declare such planning and development district or qualified entity in default under the program and, upon receipt of notice thereof from MDA, such planning and development district or qualified entity shall immediately cease providing assistance under the program, shall refund to MDA for distribution to other planning and development districts or qualified entities all funds held in its revolving assistance fund and, if required by MDA, shall convey to MDA all administrative and management control of assistance provided by it under the program.

(i) If MDA determines, after notifying a planning and development district or qualified entity twice in writing and providing copies of such notification to each member of the Legislature in whose district or in a part of whose district such planning and development district or qualified entity is located and providing such district or entity a reasonable opportunity to take corrective action, that a planning and development district or a qualified entity administering a revolving assistance fund under the provisions of this article is not actively engaged in lending as defined by the rules and regulations of MDA, MDA may declare such planning and development district or qualified entity in default under the program and, upon receipt of notice thereof from MDA, such planning and development district or qualified entity shall immediately cease providing assistance under the program, shall refund to MDA for distribution to other planning and development districts or qualified entities all funds held in its revolving assistance fund and, if required by MDA, shall convey to MDA all administrative and management control of assistance provided by it under the program.

(j) Notwithstanding any other provision of this article to the contrary, if federal funds are not available for commitments made by a planning and development district to provide assistance under any federal loan program administered by the planning and development district in coordination with the Appalachian Regional Commission or Economic Development Administration, or both, a planning and development district may use funds in its revolving assistance fund, which have not been committed otherwise to

provide assistance, for the purpose of providing temporary funding for such commitments. If a planning and development district uses uncommitted funds in its revolving assistance fund to provide such temporary funding, the district shall use funds repaid to the district under the temporarily funded federal loan program to replenish the funds used to provide the temporary funding. Funds used by a planning and development district to provide temporary funding under this paragraph (j) must be repaid to the district's revolving assistance fund no later than twelve (12) months after the date the district provides the temporary funding. A planning and development district may not use uncommitted funds in its revolving assistance fund to provide temporary funding under this paragraph (j) on more than two (2) occasions during a calendar year. A planning and development district may provide temporary funding for multiple commitments on each such occasion. The maximum aggregate amount of uncommitted funds in a revolving assistance fund that may be used for such purposes during a calendar year shall not exceed seventy percent (70%) of the uncommitted funds in the revolving assistance fund on the date the district first provides temporary funding during the calendar year.

§ 57-21-11. Organization.

The laboratory shall be organized as necessary to properly conduct the program responsibilities and purposes outlined generally in Section 57-21-9 and specifically stated in various state laws. A minimum of four (4) divisions as described below is authorized; extra major divisions needed to organize the laboratory work may be established by the State Chemist.

(a) Chemical Regulatory Division — This division shall carry out regulatory control programs in food, animal feeds, fertilizers, economic poisons, paints and varnishes, and similar programs legally authorized.

(b) Petroleum Products Division — This division shall conduct testing on petroleum and related products. Any person desiring testing of petroleum and related products shall pay to the State Chemist the actual cost of such testing.

(c) Industrial and Agricultural Services Division — This division shall provide applied scientific and engineering consultation to industries and individuals residing in or doing business in the state. Such services might include, among other things, chemical or physical analyses, nondestructive or destructive physical testing, bacteriological examinations and tests, on-site examinations of problems, sampling and limited quality control analyses, research, or other activities related to the improvement of processes, products, or raw materials. Such analyses or examinations will be directed towards solutions of problems of state industries, farmers, or citizens. The laboratory may charge for its services at established prices or may negotiate with the client for a service, consultation, or research contract at terms agreeable to the client and the State Chemist.

The guiding principle in such services shall be that they contribute to the economic growth and development of Mississippi or to the welfare of its citizens, and that major projects shall be self-supporting but nonprofit.

This division may perform such services using its own resources, or it may arrange for additional technical aid, consultation by other university faculty members, and use of facilities, services, or equipment of other university departments on a reimbursement basis. Any such arrangement shall always be established with the approval of the university administration.

Agricultural analyses for individual citizens may be charged on a cost basis. Fees for services shall be established by regulations by the State Chemist.

Services may be provided to other state agencies on an equivalent-cost exchange basis. The agency shall be invoiced for the cost of services as negotiated between the laboratory and the agency. Any special equipment required to conduct such services shall be a part of the assessed charge.

All such services of this division may be made available to any state agency, firm, or individual only as far as personnel, funds, and equipment permit. The division reserves the right to refuse any services which interfere with other functions of the laboratory or which may generate a conflict of interest.

(d) Research Division — This division shall conduct self-supported, grant, or contract research. This research is directed toward problem solving, having immediate or potential influence on the economic growth and promotion of agriculture or industry in Mississippi, or improvement of the laboratory's analytical capabilities in support of its current or anticipated future regulatory functions. The division is authorized to apply for, negotiate for payment, and conduct research on grants or contracts from federal and state agencies, industrial firms, and individuals or groups of individuals.

§ 57-21-13. Personnel.

Administrative, technical, and support personnel of all divisions of the laboratory shall be employees of the Mississippi State Chemical Laboratory. However, all employees will have rights, privileges, and responsibilities pertaining thereto, including all fringe benefits available to the general university staff. Recommendations for appointment, discharge, salaries, duties, and position titles shall be made by the State Chemist to the president of the university, whose approval shall be sufficient for all nonteaching posts. Laboratory members recommended for appointment to joint laboratory-teaching positions shall be approved in a manner customary with other university faculty or staff appointments.

MISSISSIPPI-LOUISIANA-ALABAMA RAPID RAIL TRANSIT COMPACT**ARTICLE I**

The purpose of this compact is to study the feasibility of rapid rail transit service between Mississippi and the States of Louisiana and Alabama and to establish a joint interstate commission to assist in this effort.

ARTICLE II

This compact shall become effective immediately as to the states ratifying it whenever the States of Louisiana, Mississippi and Alabama have ratified it, and Congress has given consent thereto. Any state not mentioned in this article which is contiguous with any member state may become a party to this compact, subject to approval by the Legislature of each of the member states.

ARTICLE III

The states which are parties to this compact (hereinafter referred to as "party states") do hereby establish and create a joint agency which shall be known as the Mississippi-Louisiana Rapid Rail Transit Commission (hereinafter referred to as the "commission"). The membership of such commission shall consist of: the Governor of each party state, one (1) representative each from the Mississippi Energy and Transportation Board, or its successor, and the Office of Aviation and Public Transportation of the Louisiana Department of Transportation and Development, or its successor, five (5) other citizens of each party state, to be appointed by the Governor thereof. The appointive members of the commission shall serve for terms of four (4) years each. Vacancies on the commission shall be filled by appointment by the Governor for the unexpired portion of the term. The members of the commission shall not be compensated for service on the commission, but each of the appointed members shall be entitled to actual and reasonable expenses incurred in attending meetings, or incurred otherwise in the performance of his duties as a member of the commission. The members of the commission shall hold regular quarterly meetings and such special meetings as its business may require. They shall choose annually a chairman and vice chairman from among

their members, and the chairmanship shall rotate each year among the party states in order of their acceptance of this compact. The commission shall adopt rules and regulations for the transaction of its business and a record shall be kept of all its business. It shall be the duty of the commission to study the feasibility of providing interstate rapid rail transit service between the party states. Toward this end, the commission shall have power to hold hearings; to conduct studies and surveys of all problems, benefits and other matters associated with such service, and to make reports thereon; to acquire, by gift, grant or otherwise, from local, state, federal or private sources such money or property as may be provided for the proper performance of their function, and to hold and dispose of same; to cooperate with other public or private groups, whether local, state, regional or national, having an interest in such service; to formulate and execute plans and policies for emphasizing the purpose of this compact before the Congress of the United States and other appropriate officers and agencies of the United States; and to exercise such other powers as may be appropriate to enable it to accomplish its functions and duties and to carry out the purposes of this compact.

ARTICLE IV

Each party state agrees that its Legislature may, in its discretion, from time to time make available and pay over to the commission funds for the establishment and operation of the commission. The contribution of each party state shall be in equal amounts, if possible, but nothing in this article shall be construed as binding the Legislature of either state to make an appropriation of a set amount of funds at any particular time.

ARTICLE V

Nothing in this compact shall be construed so as to conflict with any existing statute, or to limit the powers of any party state, or to repeal or prevent legislation, or to affect any existing or future cooperative arrangement or relationship between any federal agency and a party state.

ARTICLE VI

(1) This compact shall continue in force and remain binding upon each party state until the Legislature or Governor of each or either state takes action to withdraw therefrom. However, any such withdrawal shall not become effective until six (6) months after the date of the action taken by the Legislature or Governor. Notice of such action shall be given to the other party state or states by the Secretary of State of the party state which takes such action.

(2) There is hereby granted to the Governor, to the members of the commission for Louisiana, and to the compact administrator all the powers provided for in the compact and in this section. All officers of the State of Mississippi are hereby authorized and directed to do all things falling within their respective jurisdictions which are necessary or incidental to carrying out the purpose of the compact.

(b) Pursuant to Article II of this compact, the Legislature of the State of Mississippi hereby assents to the State of Alabama becoming a party to such

compact, subject to ratification by the State of Alabama of the terms and provisions thereof.

(c) Pursuant to Article III of this compact, in the exercise of such other powers as may be appropriate to enable the commission to accomplish its functions and duties and to carry out the purposes of this compact, the name of the commission shall be changed to the Southern High-Speed Rail Commission, subject to ratification by the States of Alabama and Louisiana.

§ 57-62-9. Incentive payments; qualifications; extension of time for receipt of incentive payments and waiver of job maintenance and creation requirements under certain circumstances [Repealed effective July 1, 2019].

[For businesses or industries that received or applied for incentive payments prior to July 1, 2005, this section shall read as follows:]

(1) Except as otherwise provided in this section, a qualified business or industry that meets the qualifications specified in this chapter may receive quarterly incentive payments for a period not to exceed ten (10) years from the Department of Revenue pursuant to the provisions of this chapter in an amount which shall be equal to the net benefit rate multiplied by the actual gross payroll of new direct jobs for a calendar quarter as verified by the Mississippi Department of Employment Security, but not to exceed the amount of money previously paid into the fund by the employer. A qualified business or industry that is a project as defined in Section 57-75-5(f)(iv)1 may elect the date upon which the ten-year period will begin. Such date may not be later than sixty (60) months after the date the business or industry applied for incentive payments.

(2)(a) A qualified business or industry that is a project as defined in Section 57-75-5(f)(iv)1 may apply to the MDA to receive incentive payments for an additional period not to exceed five (5) years beyond the expiration date of the initial ten-year period if:

(i) The qualified business or industry creates at least three thousand (3,000) new direct jobs within five (5) years after the date the business or industry commences commercial production;

(ii) Within five (5) years after the date the business or industry commences commercial production, the average annual wage of the jobs is at least one hundred fifty percent (150%) of the most recently published state average annual wage or the most recently published average annual wage of the county in which the qualified business or industry is located as determined by the Mississippi Department of Employment Security, whichever is the lesser. The criteria for the average annual wage requirement shall be based upon the state average annual wage or the average annual wage of the county whichever is appropriate, at the time of creation of the minimum number of jobs, and the threshold established at

that time will remain constant for the duration of the additional period; and

(iii) The qualified business or industry meets and maintains the job and wage requirements of subparagraphs (i) and (ii) of this paragraph (a) for four (4) consecutive calendar quarters.

(b) A qualified business or industry that is a project as defined in Section 57-75-5(f)(iv)1 and qualified to receive incentive payments for the additional period provided in paragraph (a) of this subsection (2) may apply to the MDA to receive incentive payments for an additional period not to exceed ten (10) years beyond the expiration date of the additional period provided in paragraph (a) of this subsection (2) if:

(i) The qualified business or industry creates at least four thousand (4,000) new direct jobs after qualifying for the additional incentive period provided in paragraph (a) of this subsection (2) but before the expiration of the additional period. For purposes of determining whether the business or industry meets the minimum jobs requirement of this subparagraph (i), the number of jobs the business or industry created in order to meet the minimum jobs requirement of paragraph (a) of this subsection (2) shall be subtracted from the minimum jobs requirement of this subparagraph (i);

(ii) The average annual wage of the jobs is at least one hundred fifty percent (150%) of the most recently published state average annual wage or the most recently published average annual wage of the county in which the qualified business or industry is located as determined by the Mississippi Department of Employment Security, whichever is the lesser. The criteria for the average annual wage requirement shall be based upon the state average annual wage or the average annual wage of the county whichever is appropriate, at the time of creation of the minimum number of jobs, and the threshold established at that time will remain constant for the duration of the additional period; and

(iii) The qualified business or industry meets and maintains the job and wage requirements of subparagraphs (i) and (ii) of this paragraph (b) for four (4) consecutive calendar quarters.

(3) In order to receive incentive payments, an establishment shall apply to the MDA. The application shall be on a form prescribed by the MDA and shall contain such information as may be required by the MDA to determine if the applicant is qualified.

(4) In order to qualify to receive such payments, the establishment applying shall be required to:

(a) Be engaged in a qualified business or industry;

(b) Provide an average salary, excluding benefits which are not subject to Mississippi income taxes, of at least one hundred twenty-five percent (125%) of the most recently published state average annual wage or the most recently published average annual wage of the county in which the qualified business or industry is located as determined by the Mississippi Department of Employment Security, whichever is the lesser. The criteria for this requirement shall be based upon the state average annual wage or the

average annual wage of the county whichever is appropriate, at the time of application, and the threshold established upon application will remain constant for the duration of the project;

(c) The business or industry must create and maintain a minimum of ten (10) full-time jobs in counties that have an average unemployment rate over the previous twelve-month period which is at least one hundred fifty percent (150%) of the most recently published state unemployment rate, as determined by the Mississippi Department of Employment Security or in Tier Three counties as determined under Section 57-73-21. In all other counties, the business or industry must create and maintain a minimum of twenty-five (25) full-time jobs. The criteria for this requirement shall be based on the designation of the county at the time of the application. The threshold established upon the application will remain constant for the duration of the project. The business or industry must meet its job creation commitment within twenty-four (24) months of the application approval. However, if the qualified business or industry is applying for incentive payments for an additional period under subsection (2) of this section, the business or industry must comply with the applicable job and wage requirements of subsection (2) of this section.

(5) The MDA shall determine if the applicant is qualified to receive incentive payments. If the applicant is determined to be qualified by the MDA, the MDA shall conduct a cost/benefit analysis to determine the estimated net direct state benefits and the net benefit rate applicable for a period not to exceed ten (10) years and to estimate the amount of gross payroll for the period. If the applicant is determined to be qualified to receive incentive payments for an additional period under subsection (2) of this section, the MDA shall conduct a cost/benefit analysis to determine the estimated net direct state benefits and the net benefit rate applicable for the appropriate additional period and to estimate the amount of gross payroll for the additional period. In conducting such cost/benefit analysis, the MDA shall consider quantitative factors, such as the anticipated level of new tax revenues to the state along with the cost to the state of the qualified business or industry, and such other criteria as deemed appropriate by the MDA, including the adequacy of retirement benefits that the business or industry provides to individuals it employs in new direct jobs in this state. In no event shall incentive payments, cumulatively, exceed the estimated net direct state benefits. Once the qualified business or industry is approved by the MDA, an agreement shall be deemed to exist between the qualified business or industry and the State of Mississippi, requiring the continued incentive payment to be made as long as the qualified business or industry retains its eligibility.

(6) Upon approval of such an application, the MDA shall notify the Department of Revenue and shall provide it with a copy of the approved application and the estimated net direct state benefits. The Department of Revenue may require the qualified business or industry to submit such additional information as may be necessary to administer the provisions of this chapter. The qualified business or industry shall report to the Department of

Revenue periodically to show its continued eligibility for incentive payments. The qualified business or industry may be audited by the Department of Revenue to verify such eligibility.

(7) If the qualified business or industry is located in an area that has been declared by the Governor to be a disaster area and as a result of the disaster the business or industry is unable to create or maintain the full-time jobs required by this section:

(a) The Commissioner of Revenue may extend the period of time that the business or industry may receive incentive payments for a period of time not to exceed two (2) years;

(b) The Commissioner of Revenue may waive the requirement that a certain number of jobs be maintained for a period of time not to exceed twenty-four (24) months; and

(c) The MDA may extend the period of time within which the jobs must be created for a period of time not to exceed twenty-four (24) months.

[For businesses or industries that received or applied for incentive payments from and after July 1, 2005, but prior to July 1, 2010, this section shall read as follows:]

(1)(a) Except as otherwise provided in this section, a qualified business or industry that meets the qualifications specified in this chapter may receive quarterly incentive payments for a period not to exceed ten (10) years from the Department of Revenue pursuant to the provisions of this chapter in an amount which shall be equal to the net benefit rate multiplied by the actual gross payroll of new direct jobs for a calendar quarter as verified by the Mississippi Department of Employment Security, but not to exceed:

(i) Ninety percent (90%) of the amount of money previously paid into the fund by the employer if the employer provides an average annual salary, excluding benefits which are not subject to Mississippi income taxes, of at least one hundred seventy-five percent (175%) of the most recently published state average annual wage or the most recently published average annual wage of the county in which the qualified business or industry is located as determined by the Mississippi Department of Employment Security, whichever is the lesser;

(ii) Eighty percent (80%) of the amount of money previously paid into the fund by the employer if the employer provides an average annual salary, excluding benefits which are not subject to Mississippi income taxes, of at least one hundred twenty-five percent (125%) but less than one hundred seventy-five percent (175%) of the most recently published state average annual wage or the most recently published average annual wage of the county in which the qualified business or industry is located as determined by the Mississippi Department of Employment Security, whichever is the lesser; or

(iii) Seventy percent (70%) of the amount of money previously paid into the fund by the employer if the employer provides an average annual salary, excluding benefits which are not subject to Mississippi income

(b) A qualified business or industry that is a project as defined in Section 57-75-5(f)(iv)1 may elect the date upon which the ten-year period will begin. Such date may not be later than sixty (60) months after the date the business or industry applied for incentive payments.

(2)(a) A qualified business or industry that is a project as defined in Section 57-75-5(f)(iv)1 may apply to the MDA to receive incentive payments for an additional period not to exceed five (5) years beyond the expiration date of the initial ten-year period if:

(i) The qualified business or industry creates at least three thousand (3,000) new direct jobs within five (5) years after the date the business or industry commences commercial production;

(ii) Within five (5) years after the date the business or industry commences commercial production, the average annual wage of the jobs is at least one hundred fifty percent (150%) of the most recently published state average annual wage or the most recently published average annual wage of the county in which the qualified business or industry is located as determined by the Mississippi Department of Employment Security, whichever is the lesser. The criteria for the average annual wage requirement shall be based upon the state average annual wage or the average annual wage of the county whichever is appropriate, at the time of creation of the minimum number of jobs, and the threshold established at that time will remain constant for the duration of the additional period; and

(iii) The qualified business or industry meets and maintains the job and wage requirements of subparagraphs (i) and (ii) of this paragraph (a) for four (4) consecutive calendar quarters.

(b) A qualified business or industry that is a project as defined in Section 57-75-5(f)(iv)1 and qualified to receive incentive payments for the additional period provided in paragraph (a) of this subsection (2) may apply to the MDA to receive incentive payments for an additional period not to exceed ten (10) years beyond the expiration date of the additional period provided in paragraph (a) of this subsection (2) if:

(i) The qualified business or industry creates at least four thousand (4,000) new direct jobs after qualifying for the additional incentive period provided in paragraph (a) of this subsection (2) but before the expiration of the additional period. For purposes of determining whether the business or industry meets the minimum jobs requirement of this subparagraph (i), the number of jobs the business or industry created in order to meet the minimum jobs requirement of paragraph (a) of this subsection (2) shall be subtracted from the minimum jobs requirement of this subparagraph (i);

(ii) The average annual wage of the jobs is at least one hundred fifty percent (150%) of the most recently published state average annual wage

or the most recently published average annual wage of the county in which the qualified business or industry is located as determined by the Mississippi Department of Employment Security, whichever is the lesser. The criteria for the average annual wage requirement shall be based upon the state average annual wage or the average annual wage of the county whichever is appropriate, at the time of creation of the minimum number of jobs, and the threshold established at that time will remain constant for the duration of the additional period; and

(iii) The qualified business or industry meets and maintains the job and wage requirements of subparagraphs (i) and (ii) of this paragraph (b) for four (4) consecutive calendar quarters.

(3) In order to receive incentive payments, an establishment shall apply to the MDA. The application shall be on a form prescribed by the MDA and shall contain such information as may be required by the MDA to determine if the applicant is qualified.

(4)(a) In order to qualify to receive such payments, the establishment applying shall be required to meet the definition of the term “qualified business or industry”;

(b) The criteria for the average annual salary requirement shall be based upon the state average annual wage or the average annual wage of the county whichever is appropriate, at the time of application, and the threshold established upon application will remain constant for the duration of the project;

(c) The business or industry must meet its job creation commitment within twenty-four (24) months of the application approval. However, if the qualified business or industry is applying for incentive payments for an additional period under subsection (2) of this section, the business or industry must comply with the applicable job and wage requirements of subsection (2) of this section.

(5)(a) The MDA shall determine if the applicant is qualified to receive incentive payments.

(b) If the applicant is determined to be qualified to receive incentive payments for an additional period under subsection (2) of this section, the MDA shall conduct a cost/benefit analysis to determine the estimated net direct state benefits and the net benefit rate applicable for the appropriate additional period and to estimate the amount of gross payroll for the additional period. In conducting such cost/benefit analysis, the MDA shall consider quantitative factors, such as the anticipated level of new tax revenues to the state along with the cost to the state of the qualified business or industry, and such other criteria as deemed appropriate by the MDA, including the adequacy of retirement benefits that the business or industry provides to individuals it employs in new direct jobs in this state. In no event shall incentive payments, cumulatively, exceed the estimated net direct state benefits. Once the qualified business or industry is approved by the MDA, an agreement shall be deemed to exist between the qualified business or industry and the State of Mississippi, requiring the continued incentive

payment to be made as long as the qualified business or industry retains its eligibility.

(6) Upon approval of such an application, the MDA shall notify the Department of Revenue and shall provide it with a copy of the approved application and the estimated net direct state benefits. The Department of Revenue may require the qualified business or industry to submit such additional information as may be necessary to administer the provisions of this chapter. The qualified business or industry shall report to the Department of Revenue periodically to show its continued eligibility for incentive payments. The qualified business or industry may be audited by the Department of Revenue to verify such eligibility.

(a) The Commissioner of Revenue may extend the period of time that the business or industry may receive incentive payments for a period of time not to exceed two (2) years;

(b) The Commissioner of Revenue may waive the requirement that a certain number of jobs be maintained for a period of time not to exceed twenty-four (24) months; and

(c) The MDA may extend the period of time within which the jobs must be created for a period of time not to exceed twenty-four (24) months.

[For businesses or industries that apply for incentive payments from and after July 1, 2010, this section shall read as follows:]

(1)(a) Except as otherwise provided in this section, a qualified business or industry that meets the qualifications specified in this chapter may receive quarterly incentive payments for a period not to exceed ten (10) years from the Department of Revenue pursuant to the provisions of this chapter in an amount which shall be equal to ninety percent (90%) of the amount of actual income tax withheld for employees with new direct jobs, but in no event more than four percent (4%) of the total annual salary paid for new direct jobs during such period, excluding benefits which are not subject to Mississippi income taxes.

(b) A qualified business or industry that is a project as defined in Section 57-75-5(f)(iv)1 may elect the date upon which the ten-year period will begin. Such date may not be later than sixty (60) months after the date the business or industry applied for incentive payments.

(c) A qualified business or industry as defined in Section 57-62-5(a)(iii) may elect the date upon which the ten-year period will begin and may elect to begin receiving incentive payments as early as the second quarter after that date. Incentive payments will be calculated on all jobs above the existing number of jobs as of the date the MDA determines that the applicant is qualified to receive incentive payments. In the event that the qualified business or industry falls below the number of existing jobs at the time of

determination that the applicant is qualified to receive the incentive payment, the incentive payment shall cease until the qualified business or industry once again exceeds that number. If after forty-eight (48) months, the qualified business or industry has failed to create at least three thousand (3,000) new direct jobs, incentive payments shall cease and the qualified business or industry shall not be qualified to receive further incentive payments.

(2)(a) A qualified business or industry that is a project as defined in Section 57-75-5(f)(iv)1 may apply to the MDA to receive incentive payments for an additional period not to exceed five (5) years beyond the expiration date of the initial ten-year period if:

(i) The qualified business or industry creates at least three thousand (3,000) new direct jobs within five (5) years after the date the business or industry commences commercial production;

The criteria for the average annual wage requirement shall be based upon the state average annual wage or the average annual wage of the county whichever is appropriate, at the time of creation of the minimum number of jobs, and the threshold established at that time will remain constant for the duration of the additional period; and

(iii) The qualified business or industry meets and maintains the job and wage requirements of subparagraphs (i) and (ii) of this paragraph (a) for four (4) consecutive calendar quarters.

(b) A qualified business or industry that is a project as defined in Section 57-75-5(f)(iv)1 and qualified to receive incentive payments for the additional period provided in paragraph (a) of this subsection (2) may apply to the MDA to receive incentive payments for an additional period not to exceed ten (10) years beyond the expiration date of the additional period provided in paragraph (a) of this subsection (2) if:

(i) The qualified business or industry creates at least four thousand (4,000) new direct jobs after qualifying for the additional incentive period provided in paragraph (a) of this subsection (2) but before the expiration of the additional period. For purposes of determining whether the business or industry meets the minimum jobs requirement of this subparagraph (i), the number of jobs the business or industry created in order to meet the minimum jobs requirement of paragraph (a) of this subsection (2) shall be subtracted from the minimum jobs requirement of this subparagraph (i);

(ii) The average annual wage of the jobs is at least one hundred fifty percent (150%) of the most recently published state average annual wage or the most recently published average annual wage of the county in which

the qualified business or industry is located as determined by the Mississippi Department of Employment Security, whichever is the lesser. The criteria for the average annual wage requirement shall be based upon the state average annual wage or the average annual wage of the county whichever is appropriate, at the time of creation of the minimum number of jobs, and the threshold established at that time will remain constant for the duration of the additional period; and

(iii) The qualified business or industry meets and maintains the job and wage requirements of subparagraphs (i) and (ii) of this paragraph (b) for four (4) consecutive calendar quarters.

(3) In order to receive incentive payments, an establishment shall apply to the MDA. The application shall be on a form prescribed by the MDA and shall contain such information as may be required by the MDA to determine if the applicant is qualified.

(4)(a) In order to qualify to receive such payments, the establishment applying shall be required to meet the definition of the term “qualified business or industry”;

(b) The criteria for the average annual salary requirement shall be based upon the state average annual wage or the average annual wage of the county whichever is appropriate, at the time of application, and the threshold established upon application will remain constant for the duration of the project;

(c) Except as otherwise provided for a qualified business or industry as defined in Section 57-62-5(a)(iii), the business or industry must meet its job creation commitment within twenty-four (24) months of the application approval. However, if the qualified business or industry is applying for incentive payments for an additional period under subsection (2) of this section, the business or industry must comply with the applicable job and wage requirements of subsection (2) of this section.

(5)(a) The MDA shall determine if the applicant is qualified to receive incentive payments.

(b) If the applicant is determined to be qualified to receive incentive payments for an additional period under subsection (2) of this section, the MDA shall conduct an analysis to estimate the amount of gross payroll for the appropriate additional period. Incentive payments, cumulatively, shall not exceed ninety percent (90%) of the amount of actual income tax withheld for employees with new direct jobs, but in no event more than four percent (4%) of the total annual salary paid for new direct jobs during the additional period, excluding benefits which are not subject to Mississippi income taxes. Once the qualified business or industry is approved by the MDA, an agreement shall be deemed to exist between the qualified business or industry and the State of Mississippi, requiring the continued incentive payment to be made as long as the qualified business or industry retains its eligibility.

(6) Upon approval of such an application, the MDA shall notify the Department of Revenue and shall provide it with a copy of the approved

application and the minimum job and salary requirements. The Department of Revenue may require the qualified business or industry to submit such additional information as may be necessary to administer the provisions of this chapter. The qualified business or industry shall report to the Department of Revenue periodically to show its continued eligibility for incentive payments. The qualified business or industry may be audited by the Department of Revenue to verify such eligibility.

(7) If the qualified business or industry is located in an area that has been declared by the Governor to be a disaster area and as a result of the disaster the business or industry is unable to create or maintain the full-time jobs required by this section:

(a) The Commissioner of Revenue may extend the period of time that the business or industry may receive incentive payments for a period of time not to exceed two (2) years;

(b) The Commissioner of Revenue may waive the requirement that a certain number of jobs be maintained for a period of time not to exceed twenty-four (24) months; and

(c) The MDA may extend the period of time within which the jobs must be created for a period of time not to exceed twenty-four (24) months.

- 57-73-25. Tax credit for employer providing basic skills training or retraining programs [Repealed effective July 1, 2016].

§ 57-73-21. Determination and designation of counties' unemployment rate and per capita income; job tax credit for corporations.

[In cases involving business enterprises that received or applied for the job tax credit authorized by this section prior to January 1, 2005, this section shall read as follows:]

(1) Annually by December 31, using the most current data available from the University Research Center, Mississippi Department of Employment Security and the United States Department of Commerce, the State Tax Commission shall rank and designate the state's counties as provided in this section. The twenty-eight (28) counties in this state having a combination of the highest unemployment rate and lowest per capita income for the most recent thirty-six-month period, with equal weight being given to each category, are designated Tier Three areas. The twenty-seven (27) counties in the state with a combination of the next highest unemployment rate and next lowest per capita income for the most recent thirty-six-month period, with equal weight being given to each category, are designated Tier Two areas. The twenty-seven (27) counties in the state with a combination of the lowest unemployment rate and the highest per capita income for the most recent thirty-six-month period,

with equal weight being given to each category, are designated Tier One areas. Counties designated by the Tax Commission qualify for the appropriate tax credit for jobs as provided in subsections (2), (3) and (4) of this section. The designation by the Tax Commission is effective for the tax years of permanent business enterprises which begin after the date of designation. For companies which plan an expansion in their labor forces, the Tax Commission shall prescribe certification procedures to ensure that the companies can claim credits in future years without regard to whether or not a particular county is removed from the list of Tier Three or Tier Two areas.

(2) Permanent business enterprises primarily engaged in manufacturing, processing, warehousing, distribution, wholesaling and research and development, or permanent business enterprises designated by rule and regulation of the Mississippi Development Authority as air transportation and maintenance facilities, final destination or resort hotels having a minimum of one hundred fifty (150) guest rooms, recreational facilities that impact tourism, movie industry studios, telecommunications enterprises, data or information processing enterprises or computer software development enterprises or any technology intensive facility or enterprise, in counties designated by the Tax Commission as Tier Three areas are allowed a job tax credit for taxes imposed by Section 27-7-5 equal to Two Thousand Dollars (\$2,000.00) annually for each net new full-time employee job for five (5) years beginning with years two (2) through six (6) after the creation of the job; however, if the permanent business enterprise is located in an area that has been declared by the Governor to be a disaster area and as a direct result of the disaster the permanent business enterprise is unable to maintain the required number of jobs, the Chairman of the State Tax Commission may extend this time period for not more two (2) years. The number of new full-time jobs must be determined by comparing the monthly average number of full-time employees subject to the Mississippi income tax withholding for the taxable year with the corresponding period of the prior taxable year. Only those permanent businesses that increase employment by ten (10) or more in a Tier Three area are eligible for the credit. Credit is not allowed during any of the five (5) years if the net employment increase falls below ten (10). The Tax Commission shall adjust the credit allowed each year for the net new employment fluctuations above the minimum level of ten (10).

(3) Permanent business enterprises primarily engaged in manufacturing, processing, warehousing, distribution, wholesaling and research and development, or permanent business enterprises designated by rule and regulation of the Mississippi Development Authority as air transportation and maintenance facilities, final destination or resort hotels having a minimum of one hundred fifty (150) guest rooms, recreational facilities that impact tourism, movie industry studios, telecommunications enterprises, data or information processing enterprises or computer software development enterprises or any technology intensive facility or enterprise, in counties that have been designated by the Tax Commission as Tier Two areas are allowed a job tax credit for taxes imposed by Section 27-7-5 equal to One Thousand Dollars (\$1,000.00) annually

for each net new full-time employee job for five (5) years beginning with years two (2) through six (6) after the creation of the job; however, if the permanent business enterprise is located in an area that has been declared by the Governor to be a disaster area and as a direct result of the disaster the permanent business enterprise is unable to maintain the required number of jobs, the Chairman of the State Tax Commission may extend this time period for not more two (2) years. The number of new full-time jobs must be determined by comparing the monthly average number of full-time employees subject to Mississippi income tax withholding for the taxable year with the corresponding period of the prior taxable year. Only those permanent businesses that increase employment by fifteen (15) or more in Tier Two areas are eligible for the credit. The credit is not allowed during any of the five (5) years if the net employment increase falls below fifteen (15). The Tax Commission shall adjust the credit allowed each year for the net new employment fluctuations above the minimum level of fifteen (15).

(4) Permanent business enterprises primarily engaged in manufacturing, processing, warehousing, distribution, wholesaling and research and development, or permanent business enterprises designated by rule and regulation of the Mississippi Development Authority as air transportation and maintenance facilities, final destination or resort hotels having a minimum of one hundred fifty (150) guest rooms, recreational facilities that impact tourism, movie industry studios, telecommunications enterprises, data or information processing enterprises or computer software development enterprises or any technology intensive facility or enterprise, in counties designated by the Tax Commission as Tier One areas are allowed a job tax credit for taxes imposed by Section 27-7-5 equal to Five Hundred Dollars (\$500.00) annually for each net new full-time employee job for five (5) years beginning with years two (2) through six (6) after the creation of the job; however, if the permanent business enterprise is located in an area that has been declared by the Governor to be a disaster area and as a direct result of the disaster the permanent business enterprise is unable to maintain the required number of jobs, the Chairman of the State Tax Commission may extend this time period for not more two (2) years. The number of new full-time jobs must be determined by comparing the monthly average number of full-time employees subject to Mississippi income tax withholding for the taxable year with the corresponding period of the prior taxable year. Only those permanent businesses that increase employment by twenty (20) or more in Tier One areas are eligible for the credit. The credit is not allowed during any of the five (5) years if the net employment increase falls below twenty (20). The Tax Commission shall adjust the credit allowed each year for the net new employment fluctuations above the minimum level of twenty (20).

(5) In addition to the credits authorized in subsections (2), (3) and (4), an additional Five Hundred Dollars (\$500.00) credit for each net new full-time employee or an additional One Thousand Dollars (\$1,000.00) credit for each net new full-time employee who is paid a salary, excluding benefits which are not subject to Mississippi income taxation, of at least one hundred twenty-five

percent (125%) of the average annual wage of the state or an additional Two Thousand Dollars (\$2,000.00) credit for each net new full-time employee who is paid a salary, excluding benefits which are not subject to Mississippi income taxation, of at least two hundred percent (200%) of the average annual wage of the state, shall be allowed for any company establishing or transferring its national or regional headquarters from within or outside the State of Mississippi. A minimum of thirty-five (35) jobs must be created to qualify for the additional credit. The State Tax Commission shall establish criteria and prescribe procedures to determine if a company qualifies as a national or regional headquarters for purposes of receiving the credit awarded in this subsection. As used in this subsection, the average annual wage of the state is the most recently published average annual wage as determined by the Mississippi Department of Employment Security.

(6) In addition to the credits authorized in subsections (2), (3), (4) and (5), any job requiring research and development skills (chemist, engineer, etc.) shall qualify for an additional One Thousand Dollars (\$1,000.00) credit for each net new full-time employee.

(7) In lieu of the tax credits provided in subsections (2) through (6), any commercial or industrial property owner which remediates contaminated property in accordance with Sections 49-35-1 through 49-35-25, is allowed a job tax credit for taxes imposed by Section 27-7-5 equal to the amounts provided in subsection (2), (3) or (4) for each net new full-time employee job for five (5) years beginning with years two (2) through six (6) after the creation of the job. The number of new full-time jobs must be determined by comparing the monthly average number of full-time employees subject to Mississippi income tax withholding for the taxable year with the corresponding period of the prior taxable year. This subsection shall be administered in the same manner as subsections (2), (3) and (4), except the landowner shall not be required to increase employment by the levels provided in subsections (2), (3) and (4) to be eligible for the tax credit.

(8) Tax credits for five (5) years for the taxes imposed by Section 27-7-5 shall be awarded for additional net new full-time jobs created by business enterprises qualified under subsections (2), (3), (4), (5), (6) and (7) of this section. Except as otherwise provided, the Tax Commission shall adjust the credit allowed in the event of employment fluctuations during the additional five (5) years of credit.

(9)(a) The sale, merger, acquisition, reorganization, bankruptcy or relocation from one (1) county to another county within the state of any business enterprise may not create new eligibility in any succeeding business entity, but any unused job tax credit may be transferred and continued by any transferee of the business enterprise. The Tax Commission shall determine whether or not qualifying net increases or decreases have occurred or proper transfers of credit have been made and may require reports, promulgate regulations, and hold hearings as needed for substantiation and qualification.

(b) This subsection shall not apply in cases in which a business enterprise has ceased operation, laid off all its employees and is subse-

quently acquired by another unrelated business entity that continues operation of the enterprise in the same or a similar type of business. In such a case the succeeding business entity shall be eligible for the credit authorized by this section unless the cessation of operation of the business enterprise was for the purpose of obtaining new eligibility for the credit.

(10) Any tax credit claimed under this section but not used in any taxable year may be carried forward for five (5) years from the close of the tax year in which the qualified jobs were established but the credit established by this section taken in any one (1) tax year must be limited to an amount not greater than fifty percent (50%) of the taxpayer's state income tax liability which is attributable to income derived from operations in the state for that year. If the permanent business enterprise is located in an area that has been declared by the Governor to be a disaster area and as a direct result of the disaster the business enterprise is unable to use the existing carryforward, the Chairman of the State Tax Commission may extend the period that the credit may be carried forward for a period of time not to exceed two (2) years.

(11) No business enterprise for the transportation, handling, storage, processing or disposal of hazardous waste is eligible to receive the tax credits provided in this section.

(12) The credits allowed under this section shall not be used by any business enterprise or corporation other than the business enterprise actually qualifying for the credits.

(13) The tax credits provided for in this section shall be in addition to any tax credits described in Sections 57-51-13(b), 57-53-1(1)(a) and 57-54-9(b) and granted pursuant to official action by the Mississippi Development Authority prior to July 1, 1989, to any business enterprise determined prior to July 1, 1989, by the Mississippi Development Authority to be a qualified business as defined in Section 57-51-5(f) or Section 57-54-5(d) or a qualified company as described in Section 57-53-1, as the case may be; however, from and after July 1, 1989, tax credits shall be allowed only under either this section or Sections 57-51-13(b), 57-53-1(1)(a) and Section 57-54-9(b) for each net new full-time employee.

(14) As used in this section, the term "telecommunications enterprises" means entities engaged in the creation, display, management, storage, processing, transmission or distribution for compensation of images, text, voice, video or data by wire or by wireless means, or entities engaged in the construction, design, development, manufacture, maintenance or distribution for compensation of devices, products, software or structures used in the above activities. Companies organized to do business as commercial broadcast radio stations, television stations or news organizations primarily serving in-state markets shall not be included within the definition of the term "telecommunications enterprises."

[In cases involving business enterprises that apply for the job tax credit authorized by this section from and after January 1, 2005, this section shall read as follows:]

(1) Annually by December 31, using the most current data available from the University Research Center, Mississippi Department of Employment

Security and the United States Department of Commerce, the State Tax Commission shall rank and designate the state's counties as provided in this section. The twenty-eight (28) counties in this state having a combination of the highest unemployment rate and lowest per capita income for the most recent thirty-six-month period, with equal weight being given to each category, are designated Tier Three areas. The twenty-seven (27) counties in the state with a combination of the next highest unemployment rate and next lowest per capita income for the most recent thirty-six-month period, with equal weight being given to each category, are designated Tier Two areas. The twenty-seven (27) counties in the state with a combination of the lowest unemployment rate and the highest per capita income for the most recent thirty-six-month period, with equal weight being given to each category, are designated Tier One areas. Counties designated by the Tax Commission qualify for the appropriate tax credit for jobs as provided in this section. The designation by the Tax Commission is effective for the tax years of permanent business enterprises which begin after the date of designation. For companies which plan an expansion in their labor forces, the Tax Commission shall prescribe certification procedures to ensure that the companies can claim credits in future years without regard to whether or not a particular county is removed from the list of Tier Three or Tier Two areas.

(2) Permanent business enterprises in counties designated by the Tax Commission as Tier Three areas are allowed a job tax credit for taxes imposed by Section 27-7-5 equal to ten percent (10%) of the payroll of the enterprise for net new full-time employee jobs for five (5) years beginning with years two (2) through six (6) after the creation of the minimum number of jobs required by this subsection; however, if the permanent business enterprise is located in an area that has been declared by the Governor to be a disaster area and as a direct result of the disaster the permanent business enterprise is unable to maintain the required number of jobs, the Chairman of the State Tax Commission may extend this time period for not more two (2) years. The number of new full-time jobs must be determined by comparing the monthly average number of full-time employees subject to the Mississippi income tax withholding for the taxable year with the corresponding period of the prior taxable year. Only those permanent business enterprises that increase employment by ten (10) or more in a Tier Three area are eligible for the credit. Credit is not allowed during any of the five (5) years if the net employment increase falls below ten (10). The Tax Commission shall adjust the credit allowed each year for the net new employment fluctuations above the minimum level of ten (10).

(3) Permanent business enterprises in counties that have been designated by the Tax Commission as Tier Two areas are allowed a job tax credit for taxes imposed by Section 27-7-5 equal to five percent (5%) of the payroll of the enterprise for net new full-time employee jobs for five (5) years beginning with years two (2) through six (6) after the creation of the minimum number of jobs required by this subsection; however, if the permanent business enterprise is located in an area that has been declared by the Governor to be a disaster area

and as a direct result of the disaster the permanent business enterprise is unable to maintain the required number of jobs, the Chairman of the State Tax Commission may extend this time period for not more two (2) years. The number of new full-time jobs must be determined by comparing the monthly average number of full-time employees subject to Mississippi income tax withholding for the taxable year with the corresponding period of the prior taxable year. Only those permanent business enterprises that increase employment by fifteen (15) or more in Tier Two areas are eligible for the credit. The credit is not allowed during any of the five (5) years if the net employment increase falls below fifteen (15). The Tax Commission shall adjust the credit allowed each year for the net new employment fluctuations above the minimum level of fifteen (15).

(4) Permanent business enterprises in counties designated by the Tax Commission as Tier One areas are allowed a job tax credit for taxes imposed by Section 27-7-5 equal to two and one-half percent (2.5%) of the payroll of the enterprise for net new full-time employee jobs for five (5) years beginning with years two (2) through six (6) after the creation of the minimum number of jobs required by this subsection; however, if the permanent business enterprise is located in an area that has been declared by the Governor to be a disaster area and as a direct result of the disaster the permanent business enterprise is unable to maintain the required number of jobs, the Chairman of the State Tax Commission may extend this time period for not more two (2) years. The number of new full-time jobs must be determined by comparing the monthly average number of full-time employees subject to Mississippi income tax withholding for the taxable year with the corresponding period of the prior taxable year. Only those permanent business enterprises that increase employment by twenty (20) or more in Tier One areas are eligible for the credit. The credit is not allowed during any of the five (5) years if the net employment increase falls below twenty (20). The Tax Commission shall adjust the credit allowed each year for the net new employment fluctuations above the minimum level of twenty (20).

(5) In addition to the other credits authorized in this section, an additional Five Hundred Dollars (\$500.00) credit for each net new full-time employee or an additional One Thousand Dollars (\$1,000.00) credit for each net new full-time employee who is paid a salary, excluding benefits which are not subject to Mississippi income taxation, of at least one hundred twenty-five percent (125%) of the average annual wage of the state or an additional Two Thousand Dollars (\$2,000.00) credit for each net new full-time employee who is paid a salary, excluding benefits which are not subject to Mississippi income taxation, of at least two hundred percent (200%) of the average annual wage of the state, shall be allowed for any company establishing or transferring its national or regional headquarters from within or outside the State of Mississippi. A minimum of twenty (20) jobs must be created to qualify for the additional credit. The Mississippi Development Authority shall establish criteria and prescribe procedures to determine if a company qualifies as a national or regional headquarters for purposes of receiving the credit awarded

in this subsection. As used in this subsection, the average annual wage of the state is the most recently published average annual wage as determined by the Mississippi Department of Employment Security.

(6) In addition to the other credits authorized in this section, any job requiring research and development skills (chemist, engineer, etc.) shall qualify for an additional One Thousand Dollars (\$1,000.00) credit for each net new full-time employee.

(7) In lieu of the other tax credits provided in this section, any commercial or industrial property owner which remediates contaminated property in accordance with Sections 49-35-1 through 49-35-25, is allowed a job tax credit for taxes imposed by Section 27-7-5 equal to the percentage of payroll provided in subsection (2), (3) or (4) of this section for net new full-time employee jobs for five (5) years beginning with years two (2) through six (6) after the creation of the jobs. The number of new full-time jobs must be determined by comparing the monthly average number of full-time employees subject to Mississippi income tax withholding for the taxable year with the corresponding period of the prior taxable year. This subsection shall be administered in the same manner as subsections (2), (3) and (4), except the landowner shall not be required to increase employment by the levels provided in subsections (2), (3) and (4) to be eligible for the tax credit.

(8)(a) Tax credits for five (5) years for the taxes imposed by Section 27-7-5 shall be awarded for increases in the annual payroll for net new full-time jobs created by business enterprises qualified under this section. The Tax Commission shall adjust the credit allowed in the event of payroll fluctuations during the additional five (5) years of credit.

(b) Tax credits for five (5) years for the taxes imposed by Section 27-7-5 shall be awarded for additional net new full-time jobs created by business enterprises qualified under subsections (5) and (6) of this section. The Tax Commission shall adjust the credit allowed in the event of employment fluctuations during the additional five (5) years of credit.

(9)(a) The sale, merger, acquisition, reorganization, bankruptcy or relocation from one (1) county to another county within the state of any business enterprise may not create new eligibility in any succeeding business entity, but any unused job tax credit may be transferred and continued by any transferee of the business enterprise. The Tax Commission shall determine whether or not qualifying net increases or decreases have occurred or proper transfers of credit have been made and may require reports, promulgate regulations, and hold hearings as needed for substantiation and qualification.

(b) This subsection shall not apply in cases in which a business enterprise has ceased operation, laid off all its employees and is subsequently acquired by another unrelated business entity that continues operation of the enterprise in the same or a similar type of business. In such a case the succeeding business entity shall be eligible for the credit authorized by this section unless the cessation of operation of the business enterprise was for the purpose of obtaining new eligibility for the credit.

(10) Any tax credit claimed under this section but not used in any taxable year may be carried forward for five (5) years from the close of the tax year in which the qualified jobs were established but the credit established by this section taken in any one (1) tax year must be limited to an amount not greater than fifty percent (50%) of the taxpayer's state income tax liability which is attributable to income derived from operations in the state for that year. If the permanent business enterprise is located in an area that has been declared by the Governor to be a disaster area and as a direct result of the disaster the business enterprise is unable to use the existing carry-forward, the Chairman of the State Tax Commission may extend the period that the credit may be carried forward for a period of time not to exceed two (2) years.

(11) No business enterprise for the transportation, handling, storage, processing or disposal of hazardous waste is eligible to receive the tax credits provided in this section.

CHAPTER 105

Qualified Equity Investment Tax Credits and Public Entity Financing Arrangements

SEC.

57-105-1. Income tax and insurance premium tax credits for taxpayers holding certain qualified equity investments; creation of public benefit corporations for financing arrangements regarding public property and facilities.

§ 57-105-1. Income tax and insurance premium tax credits for taxpayers holding certain qualified equity investments; creation of public benefit corporations for financing arrangements regarding public property and facilities.

(1) As used in this section:

(a) “Adjusted purchase price” means the investment in the qualified community development entity for the qualified equity investment, substantially all of the proceeds of which are used to make qualified low-income community investments in Mississippi.

For the purposes of calculating the amount of qualified low-income community investments held by a qualified community development entity, an investment will be considered held by a qualified community development

entity even if the investment has been sold or repaid; provided that the qualified community development entity reinvests an amount equal to the capital returned to or recovered by the qualified community development entity from the original investment, exclusive of any profits realized, in another qualified low-income community investment in Mississippi, including any federal Indian reservation located within the geographical boundary of Mississippi within twelve (12) months of the receipt of such capital. A qualified community development entity will not be required to reinvest capital returned from the qualified low-income community investments after the sixth anniversary of the issuance of the qualified equity investment, the proceeds of which were used to make the qualified low-income community investment, and the qualified low-income community investment will be considered held by the qualified community development entity through the seventh anniversary of the qualified equity investment's issuance.

(b) "Applicable percentage" means:

(i) For any equity investment issued prior to July 1, 2008, four percent (4%) for each of the second through seventh credit allowance dates for purposes of the taxes imposed by Section 27-7-5 and one and one-third percent (1- $\frac{1}{3}$ %) for each of the second through seventh credit allowance dates for purposes of the taxes imposed by Sections 27-15-103, 27-15-109 and 27-15-123.

(ii) For any equity investment issued from and after July 1, 2008, eight percent (8%) for each of the first through third credit allowance dates for purposes of the taxes imposed by Section 27-7-5 or the taxes imposed by Sections 27-15-103, 27-15-109 and 27-15-123.

(c) "Credit allowance date" means, with respect to any qualified equity investment:

(i) The date upon which the investment is initially made; and

(ii) 1. For equity investments issued prior to July 1, 2008, each of the subsequent six (6) anniversary dates of the date upon which the investment is initially made; or

2. For equity investments issued from and after July 1, 2008, each of the subsequent two (2) anniversary dates of the date upon which the investment is initially made.

(d) "Qualified community development entity" shall have the meaning ascribed to such term in Section 45D of the Internal Revenue Code of 1986, as amended, if the entity has entered into an Allocation Agreement with the Community Development Financial Institutions Fund of the United States Department of the Treasury with respect to credits authorized by Section 45D of the Internal Revenue Code of 1986, as amended.

(e) "Qualified active low-income community business" shall have the meaning ascribed to such term in Section 45D of the Internal Revenue Code of 1986, as amended.

(f) "Qualified equity investment" shall have the meaning ascribed to such term in Section 45D of the Internal Revenue Code of 1986, as amended. The investment does not have to be designated as a qualified equity

investment by the Community Development Financial Institutions Fund of the United States Treasury to be considered a qualified equity investment under this section but otherwise must meet the definition under the Internal Revenue Code. In addition to meeting the definition in Section 45D of the Internal Revenue Code such investment must also:

(i) Have been acquired after January 1, 2007, at its original issuance solely in exchange for cash; and

(ii) Have been allocated by the Mississippi Development Authority.

(g) "Qualified low-income community investment" shall have the meaning ascribed to such term in Section 45D of the Internal Revenue Code of 1986, as amended; provided, however, that the maximum amount of qualified low-income community investments issued for a single qualified active low-income community business, on an aggregate basis with all of its affiliates, that may be included for purposes of allocating any credits under this section shall not exceed Ten Million Dollars (\$10,000,000.00), in the aggregate, whether issued by one (1) or several qualified community development entities.

(2) A taxpayer that holds a qualified equity investment on the credit allowance date of the qualified equity investment shall be entitled to a credit applicable against the taxes imposed by Sections 27-7-5, 27-15-103, 27-15-109 and 27-15-123 during the taxable year that includes the credit allowance date. The amount of the credit shall be equal to the applicable percentage of the adjusted purchase price paid to the qualified community development entity for the qualified equity investment. The amount of the credit that may be utilized in any one (1) tax year shall be limited to an amount not greater than the total tax liability of the taxpayer for the taxes imposed by the above-referenced sections. The credit shall not be refundable or transferable. Any unused portion of the credit may be carried forward for seven (7) taxable years beyond the credit allowance date on which the credit was earned. The maximum aggregate amount of qualified equity investments that may be allocated by the Mississippi Development Authority may not exceed an amount that would result in taxpayers claiming in any one (1) state fiscal year credits in excess of Fifteen Million Dollars (\$15,000,000.00), exclusive of credits that might be carried forward from previous taxable years; however, a maximum of one-third ($\frac{1}{3}$) of this amount may be allocated as credits for taxes imposed by Sections 27-15-103, 27-15-109 and 27-15-123. Any taxpayer claiming a credit under this section against the taxes imposed by Sections 27-7-5, 27-15-103, 27-15-109 and 27-15-123 shall not be required to pay any additional tax under Section 27-15-123 as a result of claiming such credit. The Mississippi Development Authority shall allocate credits within this limit as provided for in subsection (4) of this section.

(3) Tax credits authorized by this section that are earned by a partnership, limited liability company, S corporation or other similar pass-through entity, shall be allocated among all partners, members or shareholders, respectively, either in proportion to their ownership interest in such entity or as the partners, members or shareholders mutually agree as provided in an

executed document. Such allocation shall be made each taxable year of such pass-through entity which contains a credit allowance date.

(4) The qualified community development entity shall apply for credits with the Mississippi Development Authority on forms prescribed by the Mississippi Development Authority. The qualified community development entity must pay an application fee of One Thousand Dollars (\$1,000.00) to the Mississippi Development Authority at the time the application is submitted. In the application the qualified community development entity shall certify to the Mississippi Development Authority the anticipated dollar amount of the qualified equity investments to be made in this state, including in any federal Indian reservation located within the state's geographical boundary, during the first twelve-month period following the initial credit allowance date. The Mississippi Development Authority shall allocate credits based on the anticipated dollar amount of qualified equity investments as certified in the application. Once the Mississippi Development Authority has allocated credits to a qualified community development entity, such entity shall have sixty (60) days from the date of such allocation to issue the corresponding qualified equity investments. If the qualified equity investment is not issued within such time period, the allocation shall be cancelled and returned to the Mississippi Development Authority for reallocation. Upon final documentation of the qualified low-income community investments, if the actual dollar amount of the investments is lower than the amount estimated, the Mississippi Development Authority shall adjust the tax credit allowed under this section. The Department of Revenue may recapture all of the credit allowed under this section if:

(a) Any amount of federal tax credits available with respect to a qualified equity investment that is eligible for a tax credit under this section is recaptured under Section 45D of the Internal Revenue Code of 1986, as amended; or

(b) The qualified community development entity redeems or makes any principal repayment with respect to a qualified equity investment prior to the seventh anniversary of the issuance of the qualified equity investment; or

(c) The qualified community development entity fails to maintain at least eighty-five percent (85%) of the proceeds of the qualified equity investment in qualified low-income community investments in Mississippi at any time prior to the seventh anniversary of the issuance of the qualified equity investment.

Any credits that are subject to recapture under this subsection shall be recaptured from the taxpayer that actually claimed the credit.

The Mississippi Development Authority shall not allocate any credits under this section after January 1, 2014.

(5) Each qualified community development entity that receives qualified equity investments to make qualified low-income community investments in Mississippi must annually report to the Mississippi Development Authority the North American Industry Classification System Code, the county, the

dollars invested, the number of jobs assisted and the number of jobs assisted with wages over one hundred percent (100%) of the federal poverty level for a family of four (4) of each qualified low-income community investment.

(6) The Mississippi Development Authority shall file an annual report on all qualified low-income community investments with the Governor, the Clerk of the House of Representatives, the Secretary of the Senate and the Secretary of State describing the North American Industry Classification System Code, the county, the dollars invested, the number of jobs assisted and the number of jobs assisted with wages over one hundred percent (100%) of the federal poverty level for a family of four (4) of each qualified low-income community investment. The annual report will be posted on the Mississippi Development Authority's Internet website.

(7)(a) The purpose of this subsection is to authorize the creation and establishment of public benefit corporations for financing arrangements regarding public property and facilities.

(b) As used in this subsection:

(i) "New Markets Tax Credit transaction" means any financing transaction which utilizes either this section or Section 45D of the Internal Revenue Code of 1986, as amended.

(iv) "Public property or facilities" means any property or facilities owned or leased by a public entity or public benefit corporation.

(b) Notwithstanding any other provision of law to the contrary, public entities are authorized pursuant to this subsection to create one or more public benefit corporations or designate an existing corporation as a public benefit corporation for the purpose of entering into financing agreements and engaging in New Markets Tax Credit transactions, which shall include, without limitation, arrangements to plan, acquire, renovate, construct, lease, sublease, manage, operate and/or improve new or existing public property or facilities located within the boundaries or service area of the public entity. Any financing arrangement authorized under this subsection shall further any purpose of the public entity and may include a term of up to fifty (50) years.

(d) Notwithstanding any other provision of law to the contrary and in order to facilitate the acquisition, renovation, construction, leasing, sublease-

ing, management, operating and/or improvement of new or existing public property or facilities to further any purpose of a public entity, public entities are authorized to enter into financing arrangements in order to transfer public property or facilities to and/or from public benefit corporations, including, without limitation, sales, sale-leasebacks, leases and lease-leasebacks, provided such transfer is related to any New Markets Tax Credit transaction furthering any purpose of the public entity. Any such transfer under this paragraph (d) and the public property or facilities transferred in connection therewith shall be exempted from any limitation or requirements with respect to leasing, acquiring, and/or constructing public property or facilities.

(e) With respect to a New Markets Tax Credit transaction, public entities and public benefit corporations are authorized to enter into financing arrangements with any governmental, nonprofit or for-profit entity in order to leverage funds not otherwise available to public entities for the acquisition, construction and/or renovation of properties transferred to such public benefit corporations. The use of any funds loaned by or contributed by a public benefit corporation or borrowed by or otherwise made available to a public benefit corporation in such financing arrangement shall be dedicated solely to (i) the development of new properties or facilities and/or the renovation of existing properties or facilities or operation of properties or facilities, and/or (ii) the payment of costs and expenditures related to any such financing arrangements including, but not limited to, funding any reserves required in connection therewith, the repayment of any indebtedness incurred in connection therewith, and the payment of fees and expenses incurred in connection with the closing, administration, accounting and/or compliance with respect to the New Markets Tax Credit transaction.

(f) A public benefit corporation created pursuant to this subsection shall not be a political subdivision of the state but shall be a nonprofit corporation organized and governed under the provisions of the laws of this state and shall be a special purpose corporation established to facilitate New Markets Tax Credit transactions consistent with the requirements of this section.

(g) Neither this subsection nor anything herein contained is or shall be construed as a restriction or limitation upon any powers which the public entity or public benefit corporation might otherwise have under any laws of this state, and this subsection is cumulative to any such powers. This subsection does and shall be construed to provide a complete additional and alternative method for the doing of the things authorized thereby and shall be regarded as supplemental and additional to powers conferred by other laws.

(8) The Mississippi Development Authority shall promulgate rules and regulations to implement the provisions of this section.

§ 57-115-5. Application for small business investment credit; application for certification as small business investment company; computation of credit against investor’s state premium tax liability; allocation of tax credits.

(1)(a) The MDA must provide a standardized format for applying for the Mississippi small business investment credit authorized under this chapter, and for certification as a Mississippi small business investment company.

(b) An applicant for certification as a primary Mississippi small business investment company must:

1. The approximate percentage of designated capital the applicant will invest in qualified businesses by the second, fourth and sixth anniversaries of its allocation date;

2. The industry segments listed by the North American Industrial Classification System code and percentage of designated capital in which the applicant will invest; and

3. The number of jobs that will be created or retained as a result of the applicant's investments once all designated capital has been invested. A job shall be considered created or retained if the job pays one hundred twenty-five percent (125%) of the state average annual wage and is maintained for at least three (3) years. The application shall project, at a minimum, that one (1) job shall be created or maintained for each One-Hundred and Fifty Thousand Dollars (\$150,000.00) in credits awarded to the participating investors of the Mississippi small business investment company;

(ii) Pay a nonrefundable application fee of Seven Thousand Five Hundred Dollars (\$7,500.00) at the time of filing the application;

(iii) Submit as part of its application an audited balance sheet that contains an unqualified opinion of an independent certified public accountant issued not more than thirty-five (35) days before the application date that states that the applicant has an equity capitalization of Five Hundred Thousand Dollars (\$500,000.00) or more in the form of unencumbered cash, marketable securities or other liquid assets; and

(iv) Have at least two (2) principals or persons, at least one (1) of which is primarily located in Mississippi, employed or engaged to manage the funds who each have a minimum of five (5) years of money management experience in the venture capital or private equity or lending industry.

(c) An applicant for certification as a secondary Mississippi small business investment company must:

(i) File an application with the MDA which shall include a business plan detailing:

1. The approximate percentage of designate capital the applicant will invest in qualified businesses by the second, fourth and sixth anniversaries of its allocation date;

2. The industry segments listed by the North American Industrial Classification System code and percentage of designated capital in which the applicant will invest; and

3. The number of jobs that will be crested or retained as a result of the applicant's investments once all designated capital has been invested. A job shall be considered created or retained if the job pays one hundred twenty-five percent (\$125%) of the state average annual wage and is maintained for at least three (3) years. The application shall project, at a minimum, that one (1) job shall be created or maintained for each One-Hundred and Fifty Thousand Dollars (\$150,000.00) in credits awarded to the participating investors of the Mississippi small business investment company;

(ii) Pay a nonrefundable application fee of Three Thousand Seven Hundred Fifty Dollars (\$3,750.00) at the time of filing the application;

(iii) Submit as part of its application an audited balance sheet that contains an unqualified opinion of an independent certified public accountant issued not more than thirty-five (35) days before the application date

(iv) Demonstrate that fifty percent (50%) of all secondary investment company investments have been in Mississippi, and all of the applicant's employees have lived in Mississippi for at least two (2) years prior to the application being filed, and that those who are employed or engaged to manage the funds have a minimum of three (3) years of money management experience in the venture capital or private equity or lending industry; and

(v) Submit as part of its application a signed and notarized partnership agreement letter with a certified primary Mississippi small business investment company.

(d) The MDA may certify partnerships, corporations, trusts, or limited liability companies, organized on a for-profit basis, which submit an application to be designated as a Mississippi small business investment company if the applicant is located, headquartered, and licensed or registered to conduct business in Mississippi, has as its primary business activity the investment of cash in qualified businesses, and meets all of the criteria of this section.

(e) The MDA must:

(i) Review the organizational documents of each applicant for certification and the business history of each applicant;

(ii) Determine whether the applicant has satisfied all of the requirements of this section; and

(iii) Determine whether the officers and the board of directors, general partners, trustees, managers or members are trustworthy and are thoroughly acquainted with the requirements of this chapter.

(f) Within forty-five (45) days after the receipt of an application, the MDA may issue the certification or refuse the certification and may communicate in detail to the applicant the grounds for refusal, including suggestions for the removal of the grounds.

(g) The MDA must begin accepting applications to become a Mississippi small business investment company not later than August 1, 2012.

(h) Certification by the MDA and operation of a primary Mississippi small business investment company is not subject to completion of any relationship or agreement with a secondary Mississippi small business investment company, and it is not the intent of this chapter to compel any such agreement.

(2)(a) An insurance company or affiliate of an insurance company must not, directly or indirectly:

(i) Beneficially own, whether through rights, options, convertible interest, or otherwise, fifteen percent (15%) or more of the voting securities or other voting ownership interest of a Mississippi small business investment company;

(ii) Manage a Mississippi small business investment company; or

(iii) Control the direction of investments for a Mississippi small business investment company.

(b) A Mississippi small business investment company may obtain one (1) or more guaranties, indemnities, bonds, insurance policies, or other payment undertakings for the benefit of its participating investors from any entity, except that in no case can more than one (1) participating investor of a Mississippi small business investment company on an aggregate basis with all affiliates of the participating investor, be entitled to provide guaranties, indemnities, bonds, insurance policies, or other payment undertakings in favor of the participating investors of a Mississippi small business investment company and its affiliates in this state.

(c) This subsection (2) does not preclude a participating investor, insurance company or other party from exercising its legal rights and remedies, including, without limitation, interim management of a Mississippi small business investment company, in the event that a Mississippi small business investment company is in default of its statutory obligations or its contractual obligations to a participating investor, insurance company, or other party, or from monitoring a Mississippi small business investment company to ensure its compliance with this chapter or disallowing any investments that have not been approved by the MDA.

(d) The MDA may contract with an independent third party to review, investigate, and certify that the applications comply with the provisions of this chapter.

(3)(a) At the time of its investment of designated capital a participating investor shall earn a vested credit against the participating investor's state premium tax liability in an amount equal to one hundred percent (100%) of the participating investor's investment of designated capital in a Mississippi small business investment company, subject to the limits imposed by this section. From and after January 1, 2015, a participating investor may claim the credit as follows:

(i) For the 2015 taxable year, an amount equal to twenty percent (20%) of the participating investor's investment of designated capital;

(ii) For the 2016 taxable year, an amount equal to twenty percent (20%) of the participating investor's investment of designated capital;

(iii) For the 2017 taxable year, an amount equal to twenty percent (20%) of the participating investor's investment of designated capital;

(iv) For the 2018 taxable year, an amount equal to twenty percent (20%) of the participating investor's investment of designated capital; and

(v) For the 2019 taxable year, an amount equal to twenty percent (20%) of the participating investor's investment of designated capital.

(b) The credit for any taxable year cannot exceed the state premium tax liability of the participating investor for the taxable year. If the amount of the credit exceeds the state premium tax liability of the participating investor for the taxable year, the excess is an investment tax credit carryover for five (5) years from the date the credit is first able to be utilized in accordance with paragraph (a) of this subsection.

(c) Notwithstanding any provision of this chapter to the contrary, the granting of any credits against the insurance premium tax shall not affect the insurance premium tax receipts distributed pursuant to Sections 83-1-37, 83-1-39, 83-34-39, 45-11-5 and 21-29-233, which shall take priority over all other distributions of premium tax receipts and shall be calculated based upon gross insurance premium tax liability before the application of the tax credits.

(d) A participating investor claiming a credit under this chapter is not required to pay any additional retaliatory tax under Section 27-15-123 levied as a result of claiming the credit.

(e) A participating investor is not required to reduce the amount of tax pursuant to the state premium tax liability included by the participating investor in connection with ratemaking for any insurance contract written in this state because of a reduction in the participating investor's tax liability based on the tax credit allowed under this chapter.

(f) If the taxes paid by a participating investor with respect to its state premium tax liability constitute a credit against any other tax that is imposed by this state, the participating investor's credit against the other tax shall not be reduced by virtue of the reduction in the participating investor's tax liability based on the tax credit allowed under this chapter.

(g) Final decertification of a Mississippi small business investment company under this chapter prior to such Mississippi small business investment company meeting the requirements of Section 57-115-7(1)(a)(ii), shall result in the disallowance and the recapture of all of the credits allocated to its participating investors under this chapter. Once a Mississippi small business investment company has satisfied the requirements of Section 57-115-7(1)(a)(ii), any subsequent decertification shall not cause the disallowance or recapture of any credits allocated to its participating investors under this chapter.

(h) The credits allowed under this chapter are not transferable; however, a participating investor may transfer credits to an affiliated insurance company provided it gives prior written notice of such transfer to the MDA and the Department of Revenue.

(4)(a)(i) The aggregate amount of investment tax credits that may be allocated to all participating investors of Mississippi small business investment companies under this section shall not exceed Fifty Million Dollars (\$50,000,000.00), and no Mississippi small business investment company, on an aggregate basis with its affiliates, may file credit allocation claims that exceed Fifty Million Dollars (\$50,000,000.00).

(ii) The Fifty Million Dollars (\$50,000,000.00) aggregate amount of investment tax credits shall be divided into a primary tax credit pool which may be applied for by certified primary Mississippi small business investment companies and a secondary tax credit pool which may be applied for by certified secondary Mississippi small business investment companies. The secondary tax credit pool shall be Three Million Five Hundred Thousand Dollars (\$3,500,000.00) of the total Fifty Million

Dollars (\$50,000,000.00) aggregate amount of investment tax credits. Secondary Mississippi small business investment companies may not apply for more than One Million Seven Hundred Fifty Thousand Dollars (\$1,750,000.00) worth of credits on a single application. A certified secondary Mississippi small business investment company may apply for additional tax credit allocation from the secondary tax credit pool, if the credits are available, after fifty percent (50%) of its previously allocated credits are used in qualified investments.

(iii) If there are any tax credits remaining available for allocation in the secondary tax credit pool on August 1, 2013, those available tax credits shall revert to the primary tax credit pool and be made available to primary Mississippi small business investment companies according to rules and regulations promulgated by the MDA. Prior to August 1, 2013, primary Mississippi small business investment companies, including any wholly owned subsidiary company, shall be prohibited from making application to the MDA to be additionally certified as a secondary Mississippi small business investment company and prohibited from applying for any tax credit allocation from the secondary tax credit pool. A certified primary Mississippi small business investment company may have ownership equity in a certified secondary Mississippi small business investment company, but the equity interest owned by the certified primary Mississippi small business investment company shall not exceed forty percent (40%).

(b) Credits must be allocated to investors in the order that the credit allocation claims are filed with the MDA.

(c) Any credit allocation claims filed with the MDA before the initial credit allocation claim filing date will be deemed to have been filed on the initial credit allocation claim filing date. The MDA will set the initial credit allocation claim filing date to be not less than one hundred twenty (120) days and not more than one hundred fifty (150) days after the date the MDA begins accepting applications for certification. Credit allocation claims filed on the same day with the MDA must be treated as having been filed contemporaneously.

(d) If two (2) or more Mississippi small business investment companies file credit allocation claims with the MDA on behalf of their respective participating investors on the same day and the aggregate amount of credit allocation claims exceeds the aggregate limit of credits authorized under this subsection (4) or the lesser amount of credits that remain unallocated on that day, then the credits shall be allocated among the participating investors who filed on that day on a pro rata basis with respect to the amounts claimed. The pro rata allocation for any one (1) participating investor is the product obtained by multiplying a fraction, the numerator of which is the amount of the credit allocation claim filed on behalf of a participating investor and the denominator of which is the total of all credit allocation claims filed on behalf of all participating investors on that day, by the aggregate limit of credits authorized under this subsection (4) or the lesser amount of credits that remain unallocated on that day.

(e) Within ten (10) business days after the MDA receives a credit allocation claim filed by a Mississippi small business investment company on behalf of one or more of its participating investors, the MDA may notify the Mississippi small business investment company of the amount of credits allocated to each of the participating investors of that Mississippi small business investment company. In the event a Mississippi small business investment company does not receive an investment of designated capital from each participating investor required to earn the amount of credits allocated to the participating investor within ten (10) business days of the Mississippi small business investment company's receipt of notice of allocation, then it shall notify the MDA on or before the next business day, and the credits allocated to the participating investor of the Mississippi small business investment company will be forfeited. The MDA may then reallocate those forfeited credits among the participating investors of the other Mississippi small business investment companies on a pro rata basis with respect to the credit allocation claims filed on behalf of the participating investors. The MDA may levy a fine of not more than Fifty Thousand Dollars (\$50,000.00) on any participating investor that does not invest the full amount of designated capital required to fund the credits allocated to it by the MDA in accordance with the credit allocation claim filed on its behalf.

(f) No participating investor, on an aggregate basis with its affiliates, may file an allocation claim for more than twenty-five percent (25%) of the maximum amount of investment tax credits authorized under this subsection (4), regardless of whether the claim is made in connection with one or more Mississippi small business investment companies.

Amendment Notes — The 2012 amendment rewrote (1)(b), (c) and (3)(a), (g) and (h); in (b) substituted “first able to be utilized in accordance with Section 57-115-5 (3)(a)” for “earned” at the end; and added the last sentence in (4)(c) and added (d).

§ 57-115-7. Requirements for maintaining certification as small business investment company; reports; distributions.

(1)(a) To maintain its certification, a Mississippi small business investment company must make qualified investments as follows:

(i) Within two (2) years after the allocation date, a Mississippi small business investment company must invest an amount equal to at least thirty-five percent (35%) of its designated capital in qualified investments; and

(ii) Within four (4) years after the allocation date, a Mississippi small business investment company must invest an amount equal to at least fifty percent (50%) of its designated capital in qualified investments.

(b) Before making a proposed qualified investment in a specific business, a Mississippi small business investment company must request from the MDA a written determination that the proposed investment will qualify

as a qualified investment in a qualified business and comply with the Mississippi small business investment company's business plan previously approved by the MDA. The MDA must notify a Mississippi small business investment company within ten (10) business days from the receipt of a request of its determination and an explanation thereof. If the MDA determines that the proposed investment does not meet the definition of a qualified investment, qualified business or comply with the Mississippi small business investment company's business plan, the MDA may nevertheless consider the proposed investment a qualified investment or a qualified business if the MDA determines that the proposed investment will further economic development. A Mississippi small business investment company may at any time apply to the MDA to amend its business plan, which the MDA may approve if it determines that the proposed amendment will further economic development in the state.

(c) All designated capital not invested in qualified investments by a Mississippi small business investment company shall be held or invested in the manner the Mississippi small business investment company deems appropriate within the limits of this chapter. Designated capital and proceeds of designated capital returned to a Mississippi small business investment company after being originally invested in qualified investments may be invested in additional qualified investments and the investment shall count toward the requirements of paragraph (a) of this subsection (1) and of Section 57-115-9(1)(c) with respect to making investments of designated capital in qualified investments, provided that the qualified business returning the initial qualified investment of the designated capital;

(i) Returns the capital pursuant to regularly scheduled amortization payments;

(ii) Returns the capital after a change in control or sale of the company or substantially all of its assets;

(iii) Returns the capital to the Mississippi small business investment company after defaulting on the terms of the qualified investment; or

(iv) Has attracted follow-on investment equal to the amount returned to the Mississippi small business investment company from a source other than a Mississippi small business investment company.

(d)(i) If, within five (5) years after its allocation date, a Mississippi small business investment company has no longer invested at least eighty-five percent (85%) of its designated capital in qualified investments, the Mississippi small business investment company shall not be permitted to pay management fees until it has invested such amount of designated capital in qualified investments.

(ii) If within seven (7) years after its allocation date, a Mississippi small business investment company has not invested at least one hundred percent (100%) of its designated capital in qualified investments, the Mississippi small business investment company shall not be permitted to pay management fees.

(2)(a) Each Mississippi small business investment company must report the following to the MDA and the Department of Revenue:

(i) As soon as practicable after the receipt of designated capital:

1. The name of each participating investor from which the designated capital was received, and each participating investor's affiliates that may claim credits, including the insurance tax identification number of the participating investor and its affiliates, if any;

2. The amount of each participating investor's investment of designated capital; and

3. The date on which the designated capital was received;

(ii) On an annual basis, on or before January 31 of each year:

1. The amount of the Mississippi small business investment company's designated capital that remains to be invested in qualified investments at the end of the immediately preceding taxable year;

2. Whether or not the Mississippi small business investment company has invested more than fifteen percent (15%) of its total designated capital in any one (1) qualified business;

3. All qualified investments that the Mississippi small business investment company has made in the previous taxable year, including the number of employees of each qualified business in which it has made investments at the time of the investment and as of December 1 of the preceding taxable year;

4. For any qualified business where the Mississippi small business investment company no longer has an investment, the Mississippi small business investment company must provide employment figures for that business as of the last day before the investment was terminated;

(iii) Other information that the MDA and/or the Department of Revenue may reasonably request that will help the MDA ascertain the impact of the Mississippi small business investment company program both directly and indirectly on the economy of the State of Mississippi including, but not limited to, the number of jobs created by qualified businesses that have received qualified investments; and

(iv) Within ninety (90) days after the close of its fiscal year, annual audited financial statements of the Mississippi small business investment company, which must include the opinion of an independent certified public accountant.

(b) A Mississippi small business investment company must pay to the MDA an annual, nonrefundable certification fee of Two Thousand Five Hundred Dollars (\$2,500.00) on or before April 1, or Five Thousand Dollars (\$5,000.00) if later. However, no annual certification fee is required if the payment date for the fee is within six (6) months of the date a Mississippi small business investment company is first certified by the MDA.

(c) Upon satisfying the requirements of subsection (1)(a)(ii) of this section, a Mississippi small business investment company shall provide notice of the satisfaction to the MDA, and the MDA shall, within sixty (60) days of receipt of the notice, either confirm that the Mississippi small business investment company has satisfied the requirements of subsection (1)(a)(ii) of this section as of that date or provide notice of noncompliance and an explanation of any existing deficiencies.

(3)(a) A Mississippi small business investment company may make qualified distributions at any time. In order for a Mississippi small business investment company to make a distribution other than a qualified distribution to its equity holders:

(i) The qualified investments of the Mississippi small business investment company must equal or exceed one hundred percent (100%) of its designated capital; and

(ii) The Mississippi small business investment company must attract follow-on investment from sources other than itself or another Mississippi small business investment company in the qualified businesses in which it made qualified investments equal to one hundred percent (100%) of its designated capital.

(b) For all distributions other than qualified distributions, if the Mississippi small business investment company has not met or exceeded the jobs creation goal agreed to by the MDA and the Mississippi small business investment company in its application, the Mississippi small business investment company shall pay all such distributions to the state as a fee until the Mississippi small business investment company has paid to the state an amount equal to the penalty amount. For purposes of this section, the penalty amount shall equal one percent (1%) of the cumulative management fees previously paid by the Mississippi small business investment company for every one percent (1%) by which a Mississippi small business investment company fails to meet the jobs creation goal agreed to by the MDA and the Mississippi small business investment company in its application.

SOURCES: Laws, 2011, ch. 524, § 4; Laws, 2012, ch. 570, § 3, eff from and after July 1, 2012.

Amendment Notes — The 2012 amendment substituted “thirty-five percent (35%)” for “fifty percent (50%)” in (1)(a)(i); substituted “fifty percent (50%)” for eight-five percent (85%)” in (1)(a)(ii); rewrote (1)(b) and (c); added “until it has invested such amount of designated capital in qualified investments” at the end of (1)(d)(i); added (3)(a)(ii) and (b); and made minor stylistic changes.

§ 57-115-9. Annual review of small business investment companies; grounds for decertification; registration of investments for which tax credits are awarded; annual report by MDA; report contents.

(1)(a) The MDA, or at its discretion the department, shall conduct an annual review of each Mississippi small business investment company to determine if a Mississippi small business investment company is abiding by the requirements of certification and to ensure that no investment has been made in violation this chapter. The cost of the annual review must be paid by each Mississippi small business investment company according to a reasonable fee schedule adopted by the MDA and/or the department. In the event the department conducts the annual review, the department shall provide

copies of the review to the MDA. The MDA shall provide copies of each Mississippi small business investment company's annual review to the Mississippi small business investment company reviewed.

(b) Any material violation of this chapter, including any material misrepresentation made to the MDA in connection with the application process, may be grounds for decertification of a Mississippi small business investment company and the disallowance of credits under this chapter, provided that in all instances the MDA shall provide notice to the Mississippi small business investment company of the grounds of the proposed decertification. The Mississippi small business investment company shall have at least one hundred twenty (120) days from receipt of notice from the MDA to remedy any violation before the decertification becomes effective.

(c) After a Mississippi small business investment company has invested an amount cumulatively equal to one hundred percent (100%) of its designated capital in qualified investments, provided that the Mississippi small business investment company has met all other requirements under this chapter as of that date, the Mississippi small business investment company shall no longer be subject to regulation by the MDA or the department or the reporting requirements under Section 57-115-7(2). Upon receiving certification by a Mississippi small business investment company that it has invested an amount equal to one hundred percent (100%) of its designated capital, the MDA must notify a Mississippi small business investment company within sixty (60) days that it has or has not met the requirements, with a reason for the determination if it has not met the requirements.

(d) The MDA must send written notice of any decertification proceedings to the Department of Revenue, the department, and to the address of each participating investor whose tax credit may be subject to recapture or forfeiture, using the address shown on the last filing submitted to the MDA.

(2) All investments by participating investors for which tax credits are awarded under this chapter must be registered or specifically exempt from registration.

(3) After January 1, 2015, the MDA must make an annual report to the Governor, the Chairman of the House Ways and Means Committee and Chairman of the Senate Finance Committee. The report must include:

(a) The number of Mississippi small business investment companies holding designated capital;

(b) The amount of designated capital invested in each Mississippi small business investment company;

(c) The cumulative amount that each Mississippi small business investment company has invested as of January 1, 2015, and the cumulative total each year thereafter;

(d) The cumulative amount of follow-on capital that the investments of each Mississippi small business investment company have created in terms of capital invested in qualified businesses at the same time or subsequent to investments made by a Mississippi small business investment company in the businesses by sources other than a Mississippi small business investment company;

(e) The total amount of investment tax credits applied for and allocated under this chapter for each year;

(f) The performance of each Mississippi small business investment company with regard to the requirements for continued certification;

(g) The classification of the companies in which each Mississippi small business investment company has invested according to industrial sector and size of company;

(j) Those Mississippi small business investment companies that have been decertified, including the reasons for decertification; and
